When prospective  
Postgraduate Researchers  
email me, I get very excited  
and then very sad

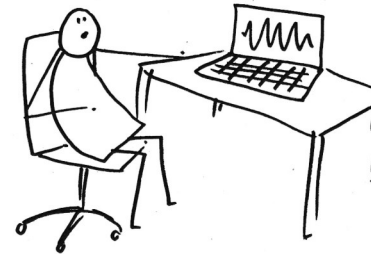

YAY!  
NEW STAFF  
& NEW  
KNOWLEDGE!

BUT MY  
CONTRACT  
ENDS  
SOON

I try to be encouraging,  
but I also feel obliged  
to warn new colleagues  
about  
the  
neoliberal  
wasteland  
that used  
to be a thriving  
university sector.

But there is hope in  
knowing that staff,  
students, & unions  
are working for change

TOGETHER WE'RE  
MAKING OUR UNI  
  
better  
FOR EVERYONE
